First off, I'd like to thank my awesome family for providing me with love, support, and a sense of humor. Hayden and Jordan, thanks so much for being my bros throughout my life, you guys are some top notch amigos. To the homies - you guys formed me into the social butterfly you see today. These past four years of high school were some of the best, worst, and most interesting times of my life, but it was a fun ride anyway. Many thanks to the staff at the Heart, for that solid high school experience. To the class of 2015, it's been real, and now it's our time to bounce!

Well, that was cool. It wasn't always the easiest, or most fun, but I think I'd probably recommend high school to a friend. In the immortal words of Roger Ebert, "Two thumbs up." The thing that made it worth it was the deluge of fantastic teachers and new friends that made all the rough parts easy. To all of you, every last one of you, thank you.

I would also like to thank my little brother for coming to all of my games and competitions. I love you so much. There is one special person that I would like to mention, my best friend, my sister. Through all of our fights you are still the one I turn to. Words cannot even begin to describe how much I miss you. As I finish up my senior year I begin to think about just how much I will miss all of you next year. I can't promise that I will come home every weekend but I can promise to visit as often as I can. I love you all more than any of you could understand.

The Social Studies Dept. arranged an opportunity for 8th grade students to “get their hands right into their work” in the "Big Dig" mock archaeological dig held on school grounds. Students dug up planted artifacts representing various civilizations, plotted their locations on a site map, and measured, weighed, identified and interpreted their objects. Students first listened to Professional Archaeologist, Karen Bellinger Wehner, who has experience at the Jamestown Settlement, and is currently working on the excavation site of the original Plimoth Plantation. Wehner talked about the process an archaeologist uses in the field and displayed original, small artifacts from ancient Roman England and Boston's own Big Dig.

CULTURAL TRIPS

GERMANY

GERMANY

In February 2015 8 students , 2 faculty , and 2 family members traveled to Central Europe . The trip included visits to these historic sites : Berlin , Dresden , Prague , Vienna , Salzburg , and Munich . Among the many favorite places were : the Wedding Church in Salzburg-“Sound of Music” , Schoenbrunn Castle in Prague , Berlin Reichstag and the Wall , the Alps , and Dachau- first concentration camp .

IRELAND : NEXT PAGES

In April 2015, 15 students and family members traveled to Northern Ireland and Dublin with Mrs. Pasquale and Mr. Duchaney. Highlights of the trip included the Giant's Causeway, conquering the Carrick-a-Rede rope bridge, and meeting the Lord Mayor of Belfast. The trip was a great opportunity to see where Vice Principal Shaun Morgan comes from, and to learn more about the country which has had quite an influence on our own area here in Massachusetts. By the end of the trip, we were almost a true family, and will carry those sentiments and memories far beyond this year.
